GO8-003 Transistor Upgrade Kit Mounting Template

WARNING! Read the directions on the following pages before installing, and watch the installation video located here: https://alan-1.com/product/alan-1-go8-transistor-upgrade-kit/

This kit comes with a cardboard template. Please use that if you still have it. This is a backup in case the original is lost.

Measure the distance between holes and verify it is exactly as shown before using this template! You may have to uncheck "Fit To Page" and set "Print Scaling" to 100%.
